# | THE PROBLEM?

# | Problem

Most of farm sites are the same, they provide a boring experience for users and users stop using the sites after a while and withdraw their investment.

# | Solution

The Duel Network offers farming and gaming at the same time, with new events every week, users do not have a boring experience and the hype is always high.

# What are our DIFFERENCES?

# Features

## Competitive Farming

Duel Network will allow you to play for the first time without losing your capital. Thanks to Competitive Farming, if you bet on a match and you lose, you will only lose your bi-weekly pool reward. Your LPs will remain with you. If you win, the reward of the other pool will be distributed to your pool. The non-favourite team/person will have a higher aprs

## Digital Product Ratings

The DUEL token will not only be used for farming and playing, but also for various events. One of them is Digital product rating. DUEL Holders will be bounty hunters by participating in various rating events and can win DUEL rewards.

## Challenges NFT

Duel Network did not forget about NFT, which is one of the important areas of the crypto world. The Challenges NFT is an NFT that can be mined under certain conditions using the ERC 721 standard. As a result of the pools won, users will be able to mint NFT under certain categories.

## User Experience for Companies

Thanks to Duel Network, companies will be able to choose the best product experience for themselves by using the preference survey pools they have created. Duel network users who participated in this survey will also be able to receive rewards.
